OUR GOAL.

OUR GOAL.

Our goal is to educate, inspire, and empower a diverse community of tech disruptors and to double our community each year.

With your help, we can inspire twice as many people and help twice as many create their own disruptive tech and be a change for good in the world.

SUPPORT DISRUPTIVE TECHNOLOGISTS.

Support Disruptive Technologists.

We provide support to those actively pursuing cutting-edge innovation, a glimpse into the thinking and methods of those who are considering their own ventures, and access to those who are already firmly established in technical fields. We offer live and virtual events, think tank talks, newsletters, networking, and other programs that speak to disruption over a range of markets and industries.

Disruptive Technologists in NYC offers a variety of donation and sponsorship opportunities.

- Advertising
- Website, in-person and virtual event sponsorships
- Live event hosting
- Product donations and placements
- Foundation and corporate support
- Digital communications advertising and sponsorships

A photograph of a hand reaching up towards a glowing lightbulb. The lightbulb is illuminated, casting a warm glow on the hand and the surrounding dark background. The hand is positioned below the lightbulb, with fingers slightly spread. The overall mood is one of aspiration and hope.

IMPORTANCE.

IMPORTANCE.

The Disruptive Technologists community for people seeking to grow and thrive in their professional careers. We are a guide and an inspiration for people of all backgrounds, as well as a center of empowerment for those same people to be a guide and inspiration to others.
